Carroll Family Gift Offers New Opportunities for The Natalie G. Heineman Smart Love Preschool

May 15, 2011 – Chicago, IL: [Smart Love Family Services](#) announces the generous donation of \$30,000 from Emily and Robert Carroll and the Carroll Family. The unprecedented gift is designated for [The Natalie G. Heineman Smart Love Preschool](#), a new preschool founded on the well-established Smart Love principles of child development. One of the preschool's two classrooms will carry a plaque recognizing the generosity of the Carroll Family.

“The remarkable generosity of the Carroll Family allowed The Natalie G. Heineman Smart Love Preschool to furnish and stock its second classroom ahead of schedule,” noted Carolyn Stolper Friedman, the Executive Director of Smart Love Family Services. “Bob and Emily have been friends and supporters of the organization since its inception. Over the past 10 years, Emily has been a hands-on volunteer in supporting the work and expanding the Smart Love organization. As an experienced social work professional and a passionate advocate for the humanistic ideals of Smart Love, she has, from the very beginning, given generously of her time to support the growth of Smart Love Family Services, and most recently The Natalie G. Heineman Smart Love Preschool where she volunteers in the school office. We are pleased to have their names associated with the school with a plaque in their honor. It will serve as an eternal reminder of their commitment to helping young children love learning and school.”

For Emily and Bob Carroll, the donation was an opportunity for them to demonstrate their high regard for Smart Love. “The Carroll Family gift represents multiple meanings for us,” they said. “We admire and appreciate the tremendous discoveries of the Piepers’s work, which we have been following for many years. And we delight in helping implement their theories in the preschool. Our greatest reward is to see as many preschoolers and their families as possible enjoy this very special preschool experience.”
